WOOD & Co.
Fine Hardwood Interiors

Imagine your rooms finished in your favorite woods in extra long, wide distinctive planks once found only in historic period homes. The wider planks in longer lengths portend quality that stands out as a cut above the rest. There is no crisper, cleaner, longer wearing, more attractive floor available.

Suitable to any architecture and decorative style, it can be used throughout the entire house. Wood floors elevate ordinary rooms to the spectacular. The genial warmth and lustrous personality of wood flooring distinguish your home, making it memorable.

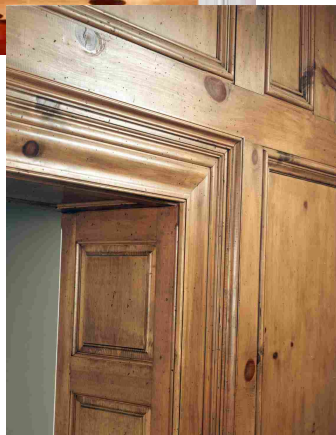

Its reputation for quality and durability speaks for itself. Dollar for dollar no other material matches wood's aesthetic appeal, versatility and practicality.

Able to outlast your mortgage, wood floors will be attractive long after carpet and other materials have been replaced many times. Perfectly sound one hundred-year old wood floors are not uncommon.

It cleans easily. Unlike carpet, wood floors won't collect molds, pollens, dust mites or mildews or absorb dust and odors. There are no toxic fumes to give off. Making wood the perfect choice for the allergy sufferer.

Our flooring and paneling is Tongue & Grooved and end-matched. Plank flooring is available commonly in 3,4,5" widths (3-7" for Heart Pine), and wider boards on request.

Installers love us for our quality and material

All of our 3/4"-thick flooring is Tongue & Grooved and end-matched with relief plows on the back for improved stability. Our flooring raw material is hand-selected furniture-grade wood that is kiln dried to approximately 8% moisture content.

WOOD & Co. plank flooring is available commonly in 3,4,5" widths (3-7" for Heart Pine), and wider boards available up to 11" for many species on request. Most of our flooring is available in flat-sawn and quarter-sawn boards.

Installers love us for our quality and material dimensions. In lengths up to 16 feet, the average board length is 6 to 9 feet long. Homeowner's love us for the quality and beauty of our floors. Our short boards are often equal to our competition's longer boards. Thus, creating a more attractive wall or floor with fewer horizontal end joints.

We also carry a large selection of paneling, moldings, mantles, doors, cabinets, trusses, beams, and stair parts to compliment the majority of species of flooring that we sell.

Not only do we specialize in delivering the finest hardwood plank flooring in the Southeast, but we also deliver a world of new ideas. Visit one of our showrooms to discuss ideas for using hardwood products in your
