Custom Patterned Flooring

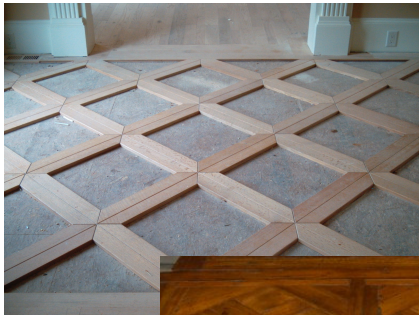

WOOD & Co.
Fine Hardwood Interiors

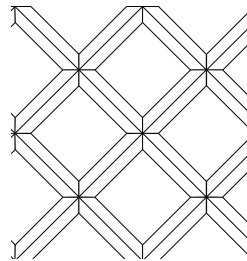

... *reviving* classical wood floor patterns.

We specialize in unusual and distinctive flooring, including: pattern floors, old world hand-scraped flooring, circular and radius flooring, rustic wide plank, formal patterns, such as herringbone, inlays, stone and wood combinations, and medallions.

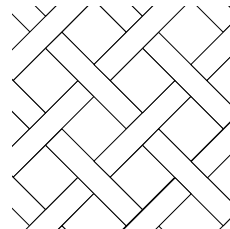

In addition to standard polyurethane finishes, we offer specialized finishes — tung oil, wax, hand glazing, distressing, cut nails, pegs, and so on. Custom matching stair parts and moldings can be milled for nearly all of our species. WOOD & Co. installs only fine hardwood flooring.
